## Charitable Contributions Guide

### Charitable Organizations

Qualified charitable organizations include nonprofit groups that are religious, charitable, educational, scientific, or literary in purpose, or that work to prevent cruelty to children or animals.

#### Examples of Qualified and Nonqualified Organizations

Qualified	Nonqualified
<ul style="list-style-type: none"> <li>Churches, mosques, temples, synagogues, and other religious organizations.</li> <li>Boy and Girl Scouts of America, Boys and Girls Clubs of America, Red Cross, CARE, Goodwill, Salvation Army, United Way.</li> <li>Fraternal orders, if gifts used for qualified charitable purposes.</li> <li>War veterans' groups.</li> <li>Nonprofit schools, colleges, museums, hospitals, and organizations trying to find medical cures.</li> <li>Federal, state, and local governments, if gifts are solely for public purposes, including nonprofit volunteer fire departments, and public parks facilities.</li> </ul>	<ul style="list-style-type: none"> <li>Country clubs, lodges, fraternal orders, and similar groups, unless used for charitable purposes.</li> <li>Civic leagues, social and sports clubs, labor unions, and chambers of commerce.</li> <li>Political organizations and candidates.</li> <li>Homeowner's associations.</li> <li>Foreign organizations.</li> </ul> <p><b>Exceptions:</b> Contributions to certain Canadian, Israeli, and Mexican charities are deductible. See IRS Publication 526.</p>

### Contributions That Benefit You

If you receive a benefit in exchange for a charitable contribution, the deduction is reduced by the value of the benefit received.

### Charitable Contributions

**Athletic tickets.** No deduction is allowed for amounts paid to (or for the benefit of) a college or university in exchange for athletic event tickets or seating rights.

**Membership fees or dues as a donation.** Membership dues or fees paid to qualified charitable organization, minus the value of any membership benefits, are deductible. If the annual fee is \$75 or less, certain membership benefits are disregarded, even if you pay more than \$75 annually. Examples of disregarded benefits include:

- Free or discounted parking or admission to events.

## Charitable Contributions

facilities.

- Preferred access to, or discounts for organization goods or services.
- Admission to member-only events for which the admission cost is a token amount or \$13.20 or less.

**Charitable benefit event ticket.** The deduction equals the ticket price, minus the value of the right to attend the event. This is true even if you did not actually attend the event. However, if the ticket is returned to the qualified charity for resale, the entire cost of the ticket is deductible.

### Charitable Contribution Deduction Limitations

**60% adjusted gross income (AGI) limit.** Cash contributions to public charities and certain other organizations are limited to 60% of AGI. The 60% limit does not apply to non-cash charitable contributions, which are limited to 50% of AGI.

**Example:** Rachel made a cash donation of \$8,000 to her favorite public charity. This was her only charitable contribution for the year. Rachel's AGI is \$10,000. Because of the 60% AGI limitation, she is only allowed a deduction of \$6,000. The remaining \$2,000 is carried forward for up to five years.

**30% AGI limit.** The 30% AGI limit applies to:

- Donations to organizations that are not public charities, such as veterans' organizations, fraternal societies, non-profit cemeteries, and certain private foundations.
- Donation of property that is used by a charity, other than capital gain property donated to a non-public charity.
- Cash contributions for the use of (held in trust) a public charity instead of to the charity.
- Deduction for student living expenses.
- Certain capital gain property contributions to public charities. However, you can elect to apply the 50% AGI limit.

**20% limit.** The 20% AGI limit applies to noncash contributions of capital gain property to non-public charities, or for the use of, any qualified organization.

**State or local credit for charitable contribution limit.** The federal charitable contribution deduction is limited to the extent you receive or expect to receive a corresponding state or local tax credit for that contribution.

**Example:** In 2024, Andy makes a charitable contribution of \$1,000 to the state of New York receiving a state tax credit of 70% of the amount contributed (\$700). Andy's federal charitable contribution deduction may not exceed \$300.

### Donating a Vehicle

#### Written Acknowledgement

Obtain written acknowledgement from the organization, which includes details on the use or disposition of the vehicle by the donee organization. A copy of the written acknowledgement must be attached to the tax return.

#### Deduction More Than \$500

A vehicle donation with a claimed fair market value (FMV) more than \$500 is limited.

- 1) If the organization sells the donated vehicle without a significant intervening use of or material improvement by the donee organization, then the deduction is limited to the gross proceeds received from the sale.
- 2) If the organization sells the donated vehicle after a significant intervening use of or material improvement to the vehicle, the deduction is limited to its FMV.
- 3) If the organization gives or sells the vehicle at well below FMV to a needy individual in line with the purpose of the charity to provide transportation to the poor, the deduction is limited to FMV.

#### Donation \$500 or Less

A written acknowledgement is still required if the contribution is \$250 or more. If the organization sells the vehicle without any significant intervening use of or material improvement for \$500 or less, the deduction is equal to the lesser of \$500, or FMV.

**Example:** Jack donates his car, worth \$800, to a charity that sells it for \$400 without any significant intervening use or material improvements. Jack can deduct \$500 as a charitable contribution. Because his deduction is \$250 or more, he still needs a written acknowledgement from the charity, but the acknowledgement is not required to be attached to his return.

## Recordkeeping Requirements

### Recordkeeping Requirements for Charitable Contributions

- **Reporting Requirement Thresholds:**
- **Cash.** Do not combine separate contributions.
- **Noncash.** Combine claimed deductions of all similar items to determine \$501 or greater amount.

#### Contribution: Less than \$250

<b>Cash</b>	One of the following: <ol style="list-style-type: none"> <li>1) Bank record with organization's name, date, and amount of contribution. Bank records may include canceled check, bank statement, or credit card statement.</li> <li>2) Receipt (includes email) showing organization's name, date, and amount of contribution.</li> <li>3) Payroll deduction record.</li> </ol>
<b>Non-cash</b>	All of the following: <ol style="list-style-type: none"> <li>1) Receipt from a charitable organization showing the name of the organization, date and location of the contribution, and a reasonably detailed description of property contributed.</li> <li>2) Documentation of FMV and method used to determine amount claimed, if less than your entire interest, and terms of any condition attached to the contribution.</li> </ol> <p><b>Note:</b> A receipt is not required where it is impractical to get one, such as leaving property at a charity's unattended drop site. The organization's name, date of contribution, and description of property are still required.</p>

#### Contribution: \$250 to \$500

<b>Cash</b>	Same as less than \$250, plus: Written acknowledgement from the charitable organization or payroll deduction record. The acknowledgement must (1) show the date and amount of the contribution, (2) state whether any goods or services other than intangible religious benefits were provided by the charitable organization (including a good faith estimate of the value), and (3) a statement that the only benefit the taxpayer received was an intangible religious benefit, if that was the case.  The taxpayer must receive the acknowledgement by the earlier of the date of filing or due date of the return, including extensions.
-------------	--

#### Contribution: \$250 to \$500 (continued)

<b>Non-cash</b>	Documentation as in 2), previous column, for less than \$250 plus written acknowledgement from the charitable organization showing (1) the date and location of the contribution, (2) a reasonably detailed description of the contributed property, (3) whether any goods or services other than intangible religious benefits were provided by the charitable organization (including a good faith estimate of the value), and (4) a statement that the only benefit the taxpayer received was an intangible religious benefit, if that is the case.  The written acknowledgement does not need to state fair market value.  The taxpayer must receive the acknowledgement by the earlier of the date of filing or due date of the return, including extensions.
-----------------	--

#### Contribution: \$501 to \$5,000

<b>Cash</b>	Same as \$250 to \$500.
<b>Non-cash</b>	Same as \$250 to \$500, plus: <ul style="list-style-type: none"> <li>• How property was acquired (purchase, gift, inheritance, etc.).</li> <li>• Approximate date property was obtained or produced.</li> <li>• Cost or other basis and basis adjustments.</li> </ul> <p>If information about the date acquired or basis of the property is not available due to reasonable cause, attach an explanation to the return.</p>

#### Contribution: Over \$5,000

<b>Cash</b>	Same as \$250 to \$500.
<b>Non-cash</b>	Same as \$250 to \$5,000. A written appraisal is generally required. Certain exceptions exist for written appraisals including securities with readily available market quotations.

### Part Contribution, Part Goods or Services

A written statement from a charity is required if a donation is more than \$75 and is partly a contribution and partly for goods or services. The statement must contain an estimate of the value of goods or services received. **Exception:** A written statement for goods or services is not required if one of the following is true.

## Charitable Contributions Recordkeeping Requirements

- 1) The charity is a federal, state, or local government, or a religious organization where the benefit is an intangible religious benefit, such as admission to a religious ceremony.
- 2) The goods or services are of token value.
- 3) The goods or services are membership benefits.

## Out-of-Pocket and Auto Expenses

If you do volunteer work for charitable organizations you can deduct your out-of-pocket expenses. The expense must be incurred because of the services rendered. The value of your time to render the services is not deductible. Report out-of-pocket expenses as cash contributions.

- **Auto expenses.** Deductible out-of-pocket expenses include the cost of using your auto in providing services for a charitable organization. Deduct the actual cost of gas and oil or the standard mileage rate. Add parking and

tolls to amount claimed for either standard mileage rate or actual expenses.

- **Charitable standard mileage rate.** The charitable standard mileage rate is 14¢ per mile.
- **Travel expenses.** The cost of travel, such as air, rail, and bus transportation, as well as meals and lodging, are deductible while away from home doing volunteer work if there is no significant element of personal pleasure, recreation, or vacation in the travel. The deduction will not be denied simply because you enjoy doing the volunteer work. However, if you have only nominal duties for the charity, or if for significant parts of the trip you do not have duties to perform, the travel expenses are not deductible.
- **Written log.** A written log must be kept showing the name of the charitable organization, each date the vehicle was used for charity, and the miles driven for the charity (if using the charitable standard mileage rate).
- **Conventions.** Travel expenses to attend a convention of a qualified organization are deductible only if you are a chosen representative. Expenses to attend a church convention, for example, are not deductible if you attend as a member of the church rather than as a chosen representative.
- **Uniforms.** The cost and upkeep of uniforms not suitable for everyday use are deductible if required to be worn while performing volunteer work for a charitable organization.

- Date item was donated to the charity.
- Description of each item donated.
- Fair market value of each item at the time it was donated (see the list on this page).
- Date each donated item was originally purchased or acquired.
